#### FEEDING ADVICE

			
Weight	2 kg - 10 kg	11 kg - 30 kg	+ 30 kg
 Quantity	12 g - 18 g x kg	9 g - 12 g x kg	8 g - 9 g x kg

1 dl = 35 g. Recommended amount depends on your dog's age and activity levels and should be split over two meals a day. Always feed Husse dry food with a bowl of fresh water

# Energi

Complete food for very active and working dogs

Optimal Energi supplies all the nutrients required for the toughest of situations, including hunting or racing. Uses top quality, easily digestible ingredients with added Vitamin C to render free radicals harmless.

## 1. HIGH ENERGY AND NUTRITION CONTENT

- High quality, easily digestible ingredients such as chicken and fish
- High fat content to meet energy needs

## 2. RICH IN MINERALS TO STRENGTHEN BONES AND TEETH

- Right balance of calcium and phosphorous to strengthen bones and teeth
- With sodium-pyrophosphate to contribute to healthy teeth and gums
- Enriched with vitamin D to increase absorption of calcium and phosphorous

## 3. PROMOTES A HEALTHY STOMACH

- High energy content means smaller portions to avoid stomach problems
- Contains fructo-oligosaccharides and yeast which favour 'good' bacteria in the stomach and reduce the risk of diarrhoea.
- Rich in beet fiber to stimulate intestinal movement. Also improves texture of stools.
- Contains lecithin to increase digestibility of fats

## 4. STRENGTHENS IMMUNITY

- Enriched with Vitamins A and E which boost immune system
- With b-carotene, an antioxidant to strengthen natural immunity
- Optimal content of fatty acids Omega 3 and Omega 6 to counteract inflammations and strengthen immunity

## 5. GIVES A HEALTHY, SHINY COAT

- Rich in fatty acids Omega 3 and Omega 6 to improve the condition of the skin and coat
- Enriched with copper to stimulate enzymes which maintain colour of coat

## 6. VERY TASTY

- Contains hydrolysed chicken protein to give a great taste
- Highest quality ingredients give taste that dogs love
